“Paint It Broward”

Paint Recycling Program

Available In Two Colors:

Gray and Beige

In partnership with Broward County, the City of Lighthouse Point has 2 Exterior Latex recycled paint colors, gray and beige, available to City residents. The recycled paint can be picked up at the Lighthouse Point Public Works Department, 4730 NE 22 Avenue, (located at Dan Witt Park), 954-946-7386.

Latex paint collected through the Broward County Household Hazardous Waste (HHW) Collection Program is transported to a paint manufacturer where it is re-blended into a high quality recycled Exterior Latex paint. The paint is available in 5 gallon containers. It is recommended to take enough to suit your needs due to the paint color variation.

Recycled Latex Paint is for Non-Profit, Residential and Code Violation use only. The product is not available for commercial entities or for re-sale.

100% of waste latex paint collected via the HHW Collection Program is recycled and distributed through the Paint It Broward Program. Broward County recycles and distributes an average of 65,000 gallons of latex paint per year in an effort to improve neighborhoods and aid the citizens of Broward County.
