

Paint Lighthouse Point Green

You can actively help in Lighthouse Point's efforts to become a National Wildlife Federation (NWF) certified *Community Wildlife Habitat*. We need 125 residences, (fifty of your neighbors have already qualified) to become certified by the NWF as wildlife habitats.

Fill out the simple application form [online](#) that asks about the basic components of a wildlife habitat that you have in your yard: food, water, and shelter.

If you qualify – and most do – the NWF will officially certify your property as a backyard or schoolyard or common area habitat, and our City will be credited with points towards our goal of becoming a nationally recognized *community wildlife habitat*.

Did you know:

- *The City of Lighthouse Point was honored with two prestige Emerald Awards in 2007 by Broward County?*
 - *DeGroff Park*
 - *"Bring Back the Butterflies" program of Erica Davey*
- *Lighthouse Point has been an official "Tree City" for 5 years*

FOR MORE INFORMATION:

Call Erica Davey our local expert at 954 695-4211 or email Erica@EricaDavey.com

or

Call the NWF at 800-822-9919 with questions, or certify online at www.nwf.org/bwh.
