Extensive services. Requests for any type of copying in excess of the above amounts shall be deemed extensive. The individual making such a request shall be charged the per page rate shown above for each page and a charge for employee assistance for the time actually spent making the number of copies in excess of the above stated minimum numbers, as well as for required supervision during inspection of public records.

A request for copying an item of the public record which requires more than fifteen (15) minutes of research time shall be deemed extensive. The individual making such a request shall be charged the per page rate, listed above, for each page plus a charge for employee assistance for all time spent in research in excess of fifteen (15) minutes.

Employee's rate: The amount for extensive assistance or required supervision shall be calculated by multiplying the portion of hours spent by the specific staff member's actual hourly rate, plus fringe benefits factor of 30%, times the actual time expended by the staff member. Example: For thirty (30) minutes of research time, the first fifteen (15) minutes would be free and the charge for the next fifteen (15) minutes would be: .25 x the actual hourly rate of the person = \$_____, multiplied by 30% for fringe benefits.

Persons requesting extensive public records shall be required to particularize their request, in writing, to the city clerk, or such other person who may be the custodian of specific records and to pay in advance such estimated sums for extensive copies and time in accordance with this policy. Nonpayment for any previous records requests shall be a basis for refusal to any subsequent request until payment is made in full. Staff members expending time described in this paragraph shall maintain time records for each extensive request for public records.
